

# We Are America Picture Postcard Campaign

Immigration is the story of our country, enriching and strengthening the fabric of American life. Yet today's outdated immigration laws are tearing countless families apart and forcing millions of hardworking immigrants to live in the shadows. Moreover, the current immigration debate is criminalizing immigrants and dividing America.

## The time to act is now.

The historic mass mobilizations across the country have made an impact. Now with the House and the Senate poised to move into a critical phase of negotiating an immigration bill that will affect the lives of all Americans, we must increase our grassroots lobbying. We must speak out, shape the debate and unite Americans behind a common vision that immigration reform is good for America. In fact, immigration reform is key to our nation's prosperity, security and diversity.

## Send a Picture Postcard to make your voice heard!

**Immigrants are America's Families, Workers and Neighbors**

Dear Congressman:

I am deeply concerned that the current immigration debate criminalizes immigrants and divides America. We urge you to unite Americans behind a common vision of America because immigration reform is a key to our nation's economic prosperity and security. We should welcome immigrants' hard work, talents, cultural richness and family values.
